# Our data trail

Pick three apps. Write kinds of data, not your own details.

| App | I share it on purpose | Recorded in the background | What I get back |
|---|---|---|---|
| A social media app | | | |
| A video or music app | | | |
| A map app | | | |
| A learning app | | | |
| A shopping app | | | |
| A smartwatch or fitness app | | | |

Cut or tear along the dashed lines.

Name one thing an app records about you in the background. What do you get back, and is it worth it?

Name:

# What could an app guess?

Person X is made up. Read the week. Guess.

| Recorded about Person X this week |
| --- |
| Opens the video app at 23:40 most nights |
| Phone is at the sports hall on Tuesday and Thursday, 17:00–19:00 |
| Searched: cheap football boots, size 39 |
| Watched three videos about stress before exams |
| Phone is at the same address every night |
| Bought a birthday present in a shopping app, sent to another address |
| Played the same sad song 15 times on Sunday evening |
| Steps: 9,000 on school days, 2,000 at weekends |

| Our guess | From which data? | OK? |
| --- | --- | --- |
